

UNIPRIME LINE

4000 Uniprime

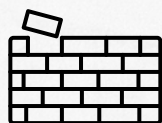

A premium-plus, multi-purpose 100% acrylic primer designed for both interior and exterior use. Delivers outstanding resistance to efflorescence and alkalinity on concrete and masonry, while creating a strong, durable foundation for a flawless topcoat finish.

4600 Uniprime II

A premium-plus, 100% acrylic, epoxy-fortified masonry primer specially formulated for new and existing interior and exterior concrete and masonry surfaces. Delivers superior resistance to efflorescence and alkalinity, outstanding adhesion, and serves as an excellent base for masonry topcoats.
