# V-PRO 300 SERIES

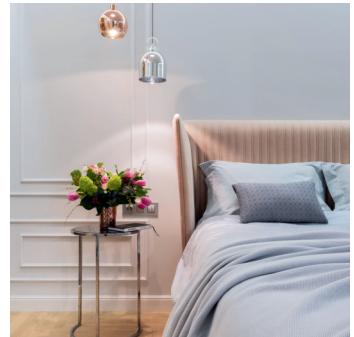

## PROFESSIONAL QUALITY LATEX

The **V-PRO 300** series is a line of **Zero V.O.C.\*** interior professional-grade latex paint designed for properly primed walls and ceilings. V-PRO 300 is also suitable for surfaces like masonry, plaster, concrete, acoustic tiles, wood, and metal. This paint offers excellent washability, scrubbability, and gloss uniformity, while effectively minimizing wall imperfections.

Key **benefits** of the V-PRO 300 series include:

- **Low Odor**
- **Zero V.O.C.\***
- **Excellent Workability**
- **Good Touch-up**
- **Good Hide**
- **Durable**

**Zero V.O.C.\*** is defined as no VOC-containing solvents added during the manufacturing process of this product. V-PRO 300 products meet the SCAQMD's Super Compliant Coatings category.
